My portfolio:

<https://portfolio-eladie.vercel.app/>

Willing to seek and maintain **full-time** or **part-time developer** job, which provides a good environment for professional and personal growth, considering that I am a problem-solver and a team oriented person.

My main asset is that I am organized and opened to take additional responsibilities to learn new things.

Work Experience

Sept 2022 –
Nov 2022

Internship Frontend React, 7Code

- ✓ The project target was to build a Task Manager using React JS.
During this project I gained experience and a better understanding on how components, Redux and API works. For efficiency of the workflow I have used also Material UI(MUI), GIT, Figma and Notion.

Bucharest,
Sept 2022 –
present

Engineer Back Office RAN, Vodafone

Bucharest ,
Apr 2020 –
Sept 2022

1st Level Assurance Engineer, Ericsson

Bucharest,
May 2015 –
Apr 2020

Engineering Leader, Renault

Education

Ian 2022 –
Nov 2022

Frontend developer course Skillbrain

- ✓ I start by learning how to build a simple HTML text site and how to style web pages using CSS. After that I proceeded with JavaScript, which reminded me of some notions from C++ and python.
- ✓ Based on my positive experience with JavaScript and CSS, I've started to learn React JS and create some projects like: Temperature Control, Calculator or To Do app (you can find my projects in my portfolio).

Bachelor of
science
2015

Polytechnic University of Bucharest Aerospace Engineering

Skills:

FRONT END DEVELOPER
